Digital and Web Designer | UI, Content & QA

Digital and web designer with **6 years of experience** in both **national and international environments**. I have collaborated with multidisciplinary teams to develop digital solutions and visual assets, combining creativity with organization and attention to detail. I have a **hybrid profile that integrates design and quality control**, bringing a structured, results-oriented approach.

Education

Certificate of Training in French Language Proficiency (MIFI Quebec) Nov. 2023 – Nov. 2024
Cégep de Rosemont, Montréal, QC, Canada.

Diploma, Game Programming 2021 - 2023
St. Lawrence College, Cornwall, ON, Canada.

Degree, Graphic Communication Design 2021 - 2023
Universidad Autónoma Metropolitana, México City

Technical Skills

- **Graphic & digital design:** Branding, social media, editorial design, visual content, motion graphics, and video
- **Design tools:** Adobe Creative Cloud (Illustrator, Photoshop, InDesign, After Effects, Premiere Pro), Figma, Canva
- **Web design:** HTML, CSS, JavaScript, WordPress, Wix, responsive design, GitHub
- **UI/UX:** Wireframes, prototypes, and interface structuring (Figma)
- **Digital marketing:** Google Ads, Google Analytics, basic SEO
- **Quality assurance (QA):** Functional testing, bug reporting, documentation, and strong attention to detail (Test Rail, Jenkins, Excel, Jira)
- **AI in design:** Use of AI tools to optimize creative workflows and generate content
- **Office tools:** Microsoft Office (Word, PowerPoint, Excel)

Work Experience

LQA Tester
January 2025 – Present

Altagram Group / *(Part time job in Game Localization company)*

- Improved the quality of **localization from English to Spanish** (LATAM), optimizing linguistic accuracy, consistency, and cultural adaptation.
- Identified, documented, and reported localization issues using tracking tools, contributing to **efficient QA** cycles.
- Collaborated on the localization of titles such as **Candy Crush**, **Dead by Daylight**, and **Diablo**, enhancing the end-user experience.

Graphic / Web Designer
October 2023 – January 2024

ACOMM / *(Freelance project to renovate a website for an organization in Montreal)*

- Designed a Figma prototype for the update of ACOMM's booking section, **improving navigation** and creating a more intuitive and easy-to-manage interface, aligned with the organization's identity.

Graphic Designer Volunteer — July 2023 – October 2023

BTSADV / *(Volunteer for a nonprofit organization who helps women in USA)*

- Developed promotional and awareness materials, including flyers and social media graphics, with a strong focus on **brand alignment** and visual clarity to **improve audience comprehension** and retention.

Web and Graphic Designer — 2017 – 2021

Tax Administration Service / (*government institution in Mexico*)

- Participated in the development of a campaign to encourage formal taxpayer registration, contributing to design and **communication strategy, which increased registrations**, especially among small business owners.
- Designed and updated sections of the institutional website, **improving content organization** and user experience.
- Developed digital solutions and internal **applications tailored to the needs** of different departments.
- Optimized the main portal, facilitating access to information and improving **operational efficiency** for internal users.
- Produced digital and multimedia content, including videos, tutorials, landing pages, infographics, icons, and social media materials.
- **Strengthened internal communication** by implementing system alerts and creating informational newsletters.
- Proposed audiovisual content initiatives for internal recognition, contributing to a more **positive organizational culture**.

Web designer — July 2017 – October 2017

We R Unlimited / (*Web Agency in Mexico City)*

- Contributed to the redesign of Genuino Metco's website, creating a more advanced, user-friendly, and visually cohesive interface, greatly **enhancing the user experience**.
- Designed 6 product-specific mini-sites (AzucarBC, Svetia, Mascabado, DBsugar, Piloncillo, and Sweet-0), each reflecting unique brand identities **while maintaining consistent usability**.

Graphic designer — 2016 – 2017

Goros Lotu / (*Transport Company in Mexico City)*

- Established an image more **coherent and clearer designing** digital and printed material.
- **Optimized prices** in printing materials and negotiating with the suppliers the best options.

Soft Skills

- **Effective communication**: I try my best to listen and be clear to avoid misunderstandings in any task.
- **Positive attitude**: I perform my activities with kindness and respect.
- **Time management**: I have experience of knowing what to prioritize and organize.
- **Responsible**: I do the tasks assigned with professionalism and with the values of the company.
- **Creative**: I like to think of options and ideas to improve the service.
- **Team worker**: I enjoy working as a team.
